"Whoever believes in me... rivers of living water will flow from within them." — John 7:38

The Mark

The Globe

The earth — every nation, every community. The world that God so loved. Not an abstraction, but every real face, every language, every neighborhood waiting to be reached.

The Continents in Gold

Kingdom light spreading across the nations. Gold is the language of glory — the harvest coming in, leaders rising, darkness giving way to something more enduring.

The Water Rising

The living water of John 7:38 — not contained, not managed. It rises. It embraces. It flows from those who believe outward to the world around them. The globe does not sit above the water; it is immersed in it, surrounded, restored.

The Flowing Lines

Rivers going to the nations — multiple streams, not one institution. The network image: interconnected, decentralized, moving together toward the same horizon.

"Equipping Kingdom leaders to disrupt darkness and disciple nations."

Living Water Network — Mission Statement

POSITIONING

- For believers: rich with scripture and spiritual meaning.
- For the unchurched: a compelling symbol of restoration and global care.
- For investors: professional, purposeful, and movement-grade.

SUPPORTING SANS

SECONDARY: Helvetica Neue · Arial · Open Sans (Sans — clarity, modernity, accessibility)

NETWORK · Wide tracking for sub-labels and supporting identifiers
Clean, light, open. Lets the serif headline breathe.

TYPOGRAPHIC PRINCIPLES

- Wordmark 'LIVING WATER' always in a serif. Never set it in a sans-serif.
- 'NETWORK' always in a clean sans-serif with wide tracking (10–14px spacing).
- Body copy at 12–14pt with 1.5× line height. Prefer Times / Georgia for long form.
- Never set text at less than 9pt in any format.
- Headline hierarchy: Display → H1 → H2 → Body. Never skip levels.

Logo Variations

PRIMARY — DARK (PREFERRED)

Use on dark surfaces, full-bleed photography, and all primary brand touchpoints.

PRIMARY — LIGHT

Use on white/ivory backgrounds, letterhead, print, and partnership materials.

ICON-ONLY MARK

The globe mark may stand alone for profile photos, app icons, watermarks, and embossed materials.

CLEAR SPACE & MINIMUM SIZE

Maintain clear space equal to the cap-height of the 'L' in LIVING on all four sides.

Minimum digital: 140px wide · Minimum print: 1.25 inches wide

Usage & Voice

LOGO — DO

- ✓ Use the primary dark logo on dark or photographic backgrounds.
- ✓ Use the light logo on ivory, linen, or white surfaces.
- ✓ Always maintain clear space. The mark must breathe.
- ✓ Use Kingdom Gold sparingly — it carries weight; don't dilute it.
- ✓ Use the icon mark alone for favicons, profile photos, and stamps.
- ✓ Always pair 'LIVING WATER' in a serif with 'NETWORK' in a tracked sans.

LOGO — DON'T

- ✗ Don't use the electric/futuristic version. The mark is organic, warm, grounded.
- ✗ Don't recolor the continents. Gold is intentional — light of the Kingdom.
- ✗ Don't place the logo on backgrounds that reduce contrast below 4.5:1.
- ✗ Don't stretch, rotate, or add drop shadows to the logo.
- ✗ Don't set 'LIVING WATER' in a sans-serif typeface.
- ✗ Don't use the logo smaller than minimum size — it will lose its detail.
- ✗ Don't add supplemental graphic elements around the mark.

BRAND VOICE

Reverent but not religious. We carry deep faith. We don't perform it.

Fresh but not casual. The living water is active, alive — not stale. Not slick either.

Bold but not loud. We lead with authority that comes from being sent, not self-appointed.

Global but rooted. We are a network. Everywhere. And we know every name.

Excellent in everything. Kingdom work done poorly dishonors the King.

"...rivers of living water will flow from within them." — John 7:38

This is the heartbeat. Everything we build flows from here.
